								<p>04.05.2023 – Site meeting took place with with owner, Environment Agency, Planning, Enforcement and consultant on 03.05.23.</p> <p>Agreed on action that is required by owner to ensure compliance and required timescales.</p> <p>26.07.2023 - Development Management have three outstanding discharge of conditions applications which they are looking to determine week commencing 31st July 2023. Once the applications have been determined we will be in a better position to review what conditions remain outstanding and consider appropriate next steps.</p> <p>18.10.2023 – The three discharge of condition applications to cover the breach of conditions have been determined in the last week, with the majority refused. The new sole director of the company has been notified and provided a copy of the decision notices. Advice is awaited as to how enforcement action will proceed.</p> <p>21.11.2023 – Prior to taking any formal enforcement action, Planning Contravention Notices have been served on several parties to establish their respective interests in the land as there have been many changes in recent years. Once responses are received this will assist in determining the enforcement approach.</p> <p>08.02.2024 - The site is filled and capped and restoration soils are being brought on as and when they are able. The current landowner has recently instructed a new planning agent who is in the process of arranging the necessary consultancy support that is required to deal with the outstanding planning conditions that need addressing. Enforcement and DM are in regular contact with the new agent regarding progress towards submission of the required information.</p>	

Item Number	Site	Ward	Alleged Breach of Planning Control	Date Approval given for Enforcement Action	Date Served	Date Notice comes into Force	End of Compliance Period	Case History	Current Update
								<p>05.03.2024 – A Topographic survey has been received but not yet considered in detail, however, it looks broadly on course to meet the approved restoration scheme subject to site settlement.</p> <p>02.04.2024 – On 22 March noise, vibration and dust management notes relating to the restoration activities and soil records were received from the agent. These will be reviewed by officers and if deemed adequate, the agent can progress to submitting formal discharge of conditions applications in relation to these matters. Officers are continuing to work with the agent to provide details of drainage, ecological and landscaping information. Ongoing monitoring in place to ensure the works continue and conditions are met.</p> <p>30.4.2024 On 19.4.2024 the agent submitted a valid Discharge of Condition application for condition 7 (wheel wash) and 14 (dust management). 12/01266/DOC9 refers. We are expecting a Discharge of Condition application for the noise and vibration conditions in the next 14 days. A joint visit between Council officers and the Environment Agency has been arranged to look at the surface water drainage within the site.</p> <p>29.05.2024 Site was visited on 8<sup>th</sup> May to look at the surface water drainage within the site. There is evidence of a filter drain and ditch system to the southern boundary that flows eastwards towards and outfalls into the 'south lagoon' located at the southeast of the quarry site. These ditches appeared to be in order with no apparent silting or ponding. Outlets from these ditches are protected via a simple rock filled gabion basket, which similarly appeared in order without clogging / debris.</p> <p>To the north and downstream from the south lagoon is an open ditch with shallow standing water. The main drainage basin to the northeast of the site is intended to drain by infiltration</p>	

Item Number	Site	Ward	Alleged Breach of Planning Control	Date Approval given for Enforcement Action	Date Served	Date Notice comes into Force	End of Compliance Period	Case History	Current Update
								<p>and as per the southern basin, there was limited water in this basin which suggests that it is functioning as an infiltration basin. A trickle flow of water was observed along Long Ridge Road. It was identified that it is mine water coming through the ground next to the highway embankment. If the problem is still persisting in 6 months Highways will look to alleviate the situation. Still waiting the DOC application for noise and vibration conditions.</p> <p>26.6.2024 - Condition 7 (wheel wash) and 14 (dust management) have now been discharged. Recyclogical has appointed Richard Todd of Allium Energy to complete the restoration and establish the planting and aftercare. Richard has advised that he has done many final stage restorations and habitat establishments. Officers have been introduced to Richard on site at Blaydon Quarry and he has become involved in fortnightly Teams calls with officers so that he can update us on progress. As part of this work he is also working on details required to discharge a number of the other outstanding planning conditions. Richard is also acting as a point of contact for the local liaison meetings, and he has reached out to Cllr Brain with a view to re-establishing these soon.</p> <p>21.08.2024 -Soil samples were taken for analysis on 23.7.2024. Once the results of the samples are available, they will be sent to the Council with the relevant discharge of condition application.</p> <p>Richard Todd is looking to arrange a liaison group meeting w/c 2<sup>nd</sup> September although this will have to be rescheduled as unsuitable for some key attendees. Invitations will be sent once the date has been confirmed.</p> <p>A discharge of condition application has been received for noise and vibration conditions (12 and 13) and have been discharged.</p> <p>Draft landscaping information is in the process of being prepared.</p>

								23.09.2024 - Soil sample testing is complete. The agent is expecting the report from the contractor imminently ahead of submitting to the Council. Engineers have been appointed by the agent to look at the drainage for north and west of the site and an application will be submitted to discharge condition 23 regarding this. Tentative date of 7 November has been set for the Liaison Group meeting. Invites will be sent once date has been confirmed.	
2.	Kwik Save, High Street, Felling	Felling	Building and land in ruinous and dilapidated condition	27 <sup>th</sup> April 2022	27 <sup>th</sup> April 2022	18 <sup>th</sup> May 2022	5 <sup>th</sup> September 2022	<p>Complaints have been received regarding the condition of the property and the adjoining land. The site has been subject to a number of arson attacks, fly tipping and other anti-social behaviour. A Notice has been issued pursuant to section 79 (1) of the Building Act 1984 requiring the recipient to either carry out such works of restoration or carry out demolition and remove the resultant rubbish or other materials from the site as specified in the notice. This has been the subject of an appeal. Work is ongoing with Northumbria Police and Tyne and Wear Fire &amp; Rescue service to expedite a resolution. Construction services have also been requested to provide a method statement and costings for demolition, should the local authority be required to undertake works in default. –</p> <p>Works progressing to determine costs of demolition and consideration being given to issuing community protection warning in conjunction with TWFRS and Northumbria Police</p> <p>Construction services instructed to progress to tendering stage for demolition.</p> <p>On 12.05.2023 Representatives of the Council, Northumbria Police and Tyne and Wear Fire and Rescue Service met on site to examine the condition of the building and consider further opportunities to restrict access and minimise the impact of ongoing ASB. Work is ongoing to provide a legal remedy.</p>	<b>24.010.2024 – The damaged area of the roof has been repaired although entrance canopies have still to be completed, scaffold needs to be removed and debris needs to be cleared. The Council are not satisfied that the building Act notices has been complied with. Consideration is being given to further enforcement options.</b>

Item Number	Site	Ward	Alleged Breach of Planning Control	Date Approval given for Enforcement Action	Date Served	Date Notice comes into Force	End of Compliance Period	Case History	Current Update
								<p>A community protection warning notice was served on the landowner requiring him to take a number of steps in the interim period to prevent or minimise the opportunities for anti-social behaviour on site. This wasn't complied with and a Community Protection Notice was served. A Direction hearing took place on 20.09.2023 at South Tyneside Magistrates Court with the matter is listed for a full day contested appeal hearing on 23.01.2024 at STMC starting at 10am. Directions have been set as follows:</p> <ul style="list-style-type: none"> <li>• 25.10.2023 exchange documents</li> <li>• 01.12.2023 exchange of statements</li> </ul> <p>OM properties Ltd have asked for a meeting to try and resolve matters. This will take place on 19.10.2023. Further ASB and fires have also occurred on site in recent weeks and the Council, with partners are pursuing all avenues to mitigate the impact of these premises, including expediting demolition.</p> <p>21.11.2023 – A meeting took place with OM Properties Ltd on 19.10.2023. The Council made clear its position that the statutory notice had not been complied with to either bring the property back into use or demolish it and that the Council were seeking to demolish the property in default due to the impact on the local community. The owner was of the view that the property was still viable subject to works to bring it back into use. The Council agreed that two weeks would be provided to the owner to demonstrate how this could be achieved and likely timescales. Information has been provided by the owner and the Council has afforded additional time up until 11.12.2023 to provide further supporting information. Meanwhile works are ongoing by the council to progress demolition at the earliest opportunity.</p> <p>10.01.2024 – Further information was provided by the owner on 11.12.2023 in respect of bringing the building back into use as a viable commercial concern. Officer's were of the opinion that the information and the level of detail was</p>

								<p>insufficient and the owner was advised in writing that it remains the Council's intention to pursue the demolition of the property. Works are ongoing and it is anticipated that all of the required arrangements for demolition to progress will have been completed by the end of January 2024 with demolition completed by the end of the 1<sup>st</sup> quarter of 2024. The appeal hearing relating to the CPN notice is scheduled to be heard on 23 January 2024 at South Tyneside magistrate's court.</p> <p>08.02.2024 – On Friday 19.1.2024 OM Properties Investment Company Limited, withdrew their application for an appeal against the Community Protection Notice that was served in August 2023. The requirements of the notice again became active. The Council are continuing with their proposal to demolish the building, however, OM Properties Investment Company Limited have instructed a surveyor to initiate works immediately to secure the site and bring the building and site back into use as a lettable commercial outlet. The owners have commenced these works. and the Council are monitoring progress closely whilst still finalising its demolition proposals. In the event that the owner makes satisfactory progress prior to demolition, then the Council's demolition proposals will be halted.</p> <p>02.4.2024 – The owner's representative is continuing to undertake works on the site and building. The site has been secured, and parts of the fabric of the building have been removed back to shell. The Council are monitoring progress closely whilst still finalising its demolition proposals. The Council have written to the owner seeking clarification on a timescale for works and insisting that progress is made quickly otherwise the Council will seek to demolish the building. In the event that the owner makes satisfactory progress prior to demolition, then the Council's demolition proposals will be halted.</p> <p>30.4.2024 – There has been limited progress on site during April. The owner has confirmed in writing that it remains</p>

								<p>their intention to repair the roof and bring the premises up to a standard where it can be occupied soon. A roofing contractor has been contracted to undertake works from 06 May 2024. It is anticipated that these works will take between 8 -12 weeks. The Council will continue to monitor the site closely to ensure progress and should the timetable stall or work stop then we would need to assess the situation at that time and the progress of work and gain further legal advice before we could proceed to demolition.</p> <p>29.05.2024 – works commenced on 09.05.2024. works are progressing, albeit slowly due to the poor weather conditions we have been experiencing which is outside the control of the contractor.</p> <p>26.6.2024 - Works are continuing and most of the damaged roof structure has been repaired and boarding applied, ready for the installation of roof tiles.</p> <p>21.8.2024 – Works are continuing but progress has been hampered by poor weather conditions. The Council will continue to monitor the site closely to ensure progress and should the timetable stall or work stop then we would need to assess the situation at that time and the progress of work and gain further legal advice before we could proceed to demolition.</p> <p>24.09.2024 – Complaints have been received about ASB on site I recent days where individuals gained access to the roof via the in-situ scaffold and proceeded to throw some new roof tiles into the vicinity of properties neighbouring the service yard. The owner maintains that works to the roof should be completed by the end of next week and the scaffold will be removed. The owner advises that routine security patrols are in place and other matters of concern to residents are in hand.</p> <p>The Council has a demolition contractor engaged and on standby. It would take</p>
